

College & University Recycling Council (CURC) Meeting

Wednesday March 4th, 2009
 Devens Common Center
 3-5pm

Executive Club, Second Floor • 31 Andrews Parkway • Devens, MA

**** CURC meeting takes place during the 9th Annual Organics Recycling Summit. CURC attendees are invited to attend summit for a small fee.**

Meeting Info

- **Vendor presentation** by Debra Darby from Metabolix (biodegradable and compostable bioplastics).
- **Organics Diversion** by Bob Daniels, Associate Director of Facilities at Worcester State College. Learn about WSC's partnership to divert organics from dining facilities and discuss collection and composting options from campus dining halls.
- **Move-in/Move-Out Programs** by Rob Gogan, Supervisor of Recycling and Waste Services, Harvard University. Learn how Harvard has developed a successful year-end waste diversion program through partnerships, exchanges, sales and storage.
- **Mercury Management Act** roundtable discussion on educating students about handling broken CFLs.

Light Refreshments will be served

About CURC: The College and University Recycling Council (CURC) is a technical council of MassRecycle. CURC supports environmental program leaders at institutions of higher education in managing resource, recycling and waste issues. CURC provides technical assistance, education, training, networking opportunities and support to help members better manage their campus waste.

About MassRecycle: MassRecycle is a statewide coalition of individuals, governments, businesses, institutions and non-profits dedicated to promoting the environmental, social and economic benefits created by reducing, reusing, and recycling waste materials, and by purchasing recycled products. We have a 20-year history of advocating for and educating the public, policy makers, and legislators about recycling. We strengthen local recycling programs by educating municipal staff and volunteer recycling committees, maintaining a recycling listserv and organizing bulk purchases of recycling hardware.
