

This sign was made by _____

at _____ School.

THANK YOU FOR COMPOSTING!

PROJECT COMPOST AWARENESS DAY is a Manchester Essex Green Team community event in collaboration with the Manchester Curbside Composting Committee.

Please display your enthusiasm and support by keeping this sign with your bin at your curb throughout the day.

This compostable sign can be placed in your bin at the end of the day.

The wooden dowel can be saved for re-use in your garden bed, as a marshmallow roasting stick or placed with your yard waste.

Spread the word!

This project is funded in part by a grant from the Massachusetts Department of Environmental Protection.

Printed on 30% post-consumer recycled paper.

"International" Compost Awareness Week is May 3 - 9!

FUN FACTS TO SHARE WITH YOUR NEIGHBORS

Total Manchester trash headed for the incinerator is **down by 7%!**

42% of Manchester's waste is **recycled or composted.**

497 Manchester households are participating in the Curbside Composting program. That's **25%!**

115 tons of compost have been collected as of the end of December 2014.

\$6,103 in town disposal costs have been saved!

Let's keep those numbers rising!

Share some of YOUR tips and facts with your neighbors. Check the town website for Composting Do's and Don'ts.

Don't forget! You can compost light paper, meat and grains!
