How Recycling Works

COLLECTION

1 Recycling is collected from homes and businesses.

The following items can be recycled at a MRF:

Plastic Jugs & Bottles
1, 2 & 5

Glass Jars & Bottles

Newspaper, Paper & Cardboard

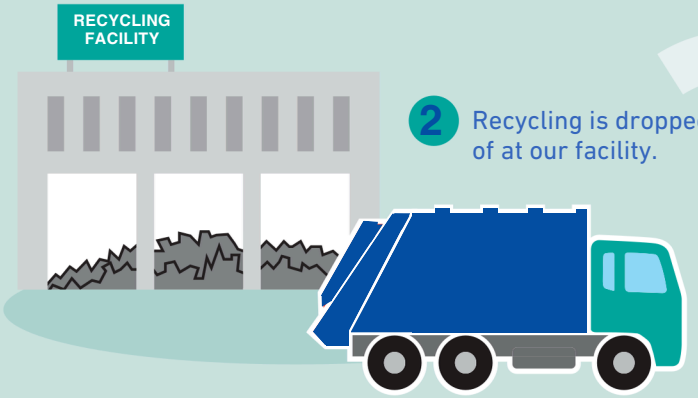
Aluminum & Steel Cans

Cartons

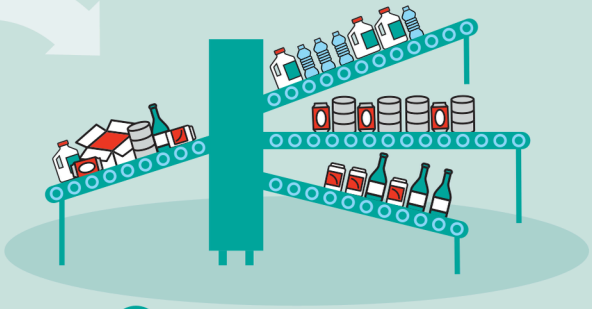
DO NOT place these items in your recycling

- ✕ Rechargeable Batteries
- ✕ Plastic Bags
- ✕ Food/Liquid
- ✕ Garden Hoses/Tanglers
- ✕ Clothing
- ✕ Shredded Paper
- ✕ Propane Tanks

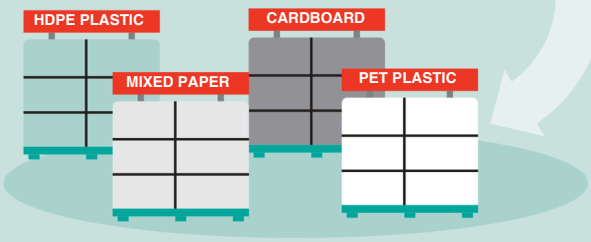
POST COLLECTION



2 Recycling is dropped of at our facility.



3 Material is sorted using team members and automation to separate them by their respective product type.



4 Material is baled with similar materials.

5 Material is sold to end markets to be made into new packaging or products.
