Specializing in Unique and Difficult Wastes

Conigliaro Industries offers Total Recycling Services.

We recycle all the traditional "easy" recyclables like corrugated cardboard and metal, but ***we specialize in recycling unique and difficult wastes***.

If you have a unique material that comprises a measurable portion of your waste stream give us a call at (888) CONIG - 25 and/or visit our sister site www.canitberecycled.com

Conigliaro Industries helps institutions and business organizations reach their sustainability goals by attacking the last 10-20% of their waste stream.

If your organization has a zero-waste goal we may be able to help!

Some Unique and Difficult Materials that we recycle:

- Foam Plastics - EPS, EPP and EPE
- Film Plastics - LDPE, LLDPE, MDPE and HDPE
- Rigid Plastics - PET, HDPE, PVC, PP, PS, Biotech and Mixed Rigids
- Glass - Mixed Color Bottle, Plate, Porcelain, Borosilicate, Lab Containers & Pyrex
- Granite, Quartz, Concrete and Brick Debris
- Mattresses, Sleeper Couches, Ceiling Tiles and Carpet Tiles
- Personal Protective Equipment (PPE) Gowns, Hairnets, Booties, Safety Glasses
- Clean Wood – Dimensional Lumber, Pallets, Crates, Spools
- Drums – Metal, Plastic and Fiber
- Mixed Computers and Electronics
- Roofing Debris – Foam Insulation and EPDM/PVC/TPO Membranes
