Summer 2026 Recycling IQ Kit Campaigns

Curbside Cart Audits & Recycling IQ Kit Stabilization
BCLW Consulting

Cleaner recycling. Better data. Defensible results.

BCLW Consulting delivers 6-week, field-based Recycling IQ Kit campaigns aligned with MassDEP methodology to rapidly reduce recycling contamination, improve resident behavior, and generate reliable curbside program data.

Summer 2026 Campaign Window

Campaign Dates: **June 15 – August 1, 2026** (Week of July 4 excluded) Every Week Recycling (EW)
June 1 – August 21, 2026 (Week of July 4 included) Every Other Week Recycling (EOW)

Municipal Commitment Deadline: **April 30, 2026**

Guaranteed Field Capacity

- 300–500 households per day
- 5 days per week
- 1,500–2,500 households per week

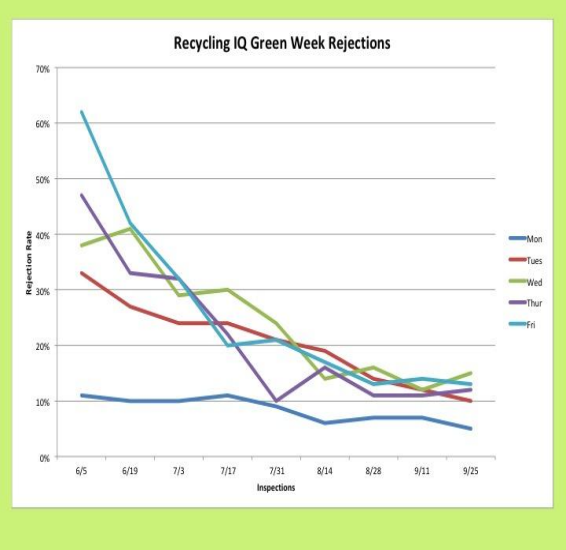
Staffing Model

- 1 Summer Supervisor
- 3 trained Field Staff
- Training, protocols, & quality control

Program Outcomes

- At least an 80% reduction in tagged (contaminated) recycling carts based on prior campaigns
- Cleaner recycling streams and fewer rejected loads
- Actionable contamination data
- Eligible use of MassDEP Recycling Dividends Program (RDP) funds

Results Snapshot



Example results from prior MA Recycling IQ Kit campaign

BCLW Consulting — Summer 2026 Jobs

Recycling IQ Kit Field Teams

Hands-on environmental work. Real-world data. Real impact.

Field staff conducting Recycling IQ Kit curbside education

About the Work

BCLW Consulting is hiring paid summer field teams to support municipal Recycling IQ Kit campaigns across Massachusetts. This is active, outdoor work focused on improving recycling quality, educating residents, and collecting real municipal data.

Positions Available

Summer Supervisors — $30/hour (Mon–Fri, 7:00 AM–12:00 PM)

- Graduate and College students, or recent graduates
- Lead daily field operations and support team members
- Coordinate routes, data collection & analysis, and quality control
- Liaison with municipal staff and haulers

Field Team Members — $20/hour (Mon–Fri, 7:00 AM–11:00 AM)

- College & High School students
- Cart inspections, tagging, and resident feedback
- Data collection using mobile tools

Each team includes 3 Field Staff + 1 Supervisor.

Schedule

- June 15–August 1 & June1- August 14, 2026
- Week of July 4 off
- Weekday mornings only
- Leaves afternoons free for a second job or leisure time

Why This Job Stands Out

- Competitive hourly pay
- Meaningful, public-facing sustainability work
- Exposure to municipal recycling programs
- Strong resume and graduate school experience

How to Apply

Visit the BCLW Consulting booth at the MassRecycle Conference or learn more at bclwconsulting.com

Employment is contingent upon municipal participation, campaign funding, and final scheduling.
